Sub: Development of Bone Industry in India.

Gentlemen/Dear Sir,

I have the honour to say that as you are already aware a Conference of all the Bone Millers in the country was convened by this Ministry on the 23rd and 24th August, 1949 to consider the Bone Industry in its various aspects. At the Conference, a Committee of ~~Ind~~ Officials and non-officials was appointed to consider the question of the "Development of the Industry". A meeting of this Committee was held on 27th September, 1949 under the chairmanship of the Hony.Bone Meal Adviser to the Government of India. The Committee consider the question in detail and made the following recommendations:-

"The manufacturers should be prepared to supply a certain percentage of bonemeal to the agriculturist at a reasonable price and in order to enable them to do so this committee suggests the following alterations which may give them a better return:-

1. Sterilized Bone meal (as Cattle Feed).
2. Glue.
3. De-glued bonemeal.
4. Bone Charcoal.
5. Di-calcium Phosphate etc.,

I am now to commend these recommendations of the Committee for necessary action by you. It is hoped that keeping in view the national importance of the Government of India's "Grow More Food Campaign" every effort will be made to supply Bone-meal to the agriculturist at reasonable rates and the deficit in the desired margin of profit would be compensated by producing other valuable products.

2.The progress made in implementing these recommendations may be reported to this Ministry from time to time.

Yours faithfully,

(Sd)S.T.Raja

Under Secretary to Government.

Copy forwarded for information to:-

1. The Ministry of Industry and Supply, Government of India.
2. The Ministry of States.
3. Directorate of Marketting and Inspection, New Delhi and
4. All Provincial Governments/Local Administrations/States and States Union.s

By order,
S.T.Raja,
Under Secretary.
